“ LeeAnn was my daughters best friend since they they were kids and became a good friend to me as well. She came to check on me when I have gallbladder surgery. She was also there when I graduated from my cancer treatments. She often checked in with me to see how I was doing. She always had a smile on her face and a kind word to say. She will be sadly missed by myself and anyone that knew her.

“ Leeann was one of my friends in high school and we reconnected through Facebook years later. She was so instrumental in getting me through Nursing school- always there with a kind word and encouragement as well as tips and tricks. She even sent me graduation gifts that I will forever cherish. She was always quick to lift others up and was the kindest soul I have known! She will be greatly missed and I can't imagine how much her sweet family is mourning. My thoughts and prayers go out to you all and I know she spent a most wonderful Christmas rejoicing with her precious Savior.

“ *Leeann was one of the first friends I made when we moved to East Tennessee back in 7th grade. Although we didn't always get along in those earlier days she always knew what to say to pick me up when I was feeling blue. We kept in touch over the years through Facebook and she somehow knew whenever I needed a few encouraging words to get through a difficult week. She was a light in my life and will greatly be missed..*

“ *LeeAnn was my lifelong friend. We met at the age of 12 and were always together. We made so many wonderful memories together. The first time we drove a car was in a field in her dad's car. Staying up all night talking and making plans and talking about boys. Playing hilarious games of truth or dare. Going to middle school dances and getting our first jobs. She knew all of my secrets and was maid of honor at my wedding. We could go very long periods without talking when life got in the way, but would always pick up right where we left off. I still can't believe she is gone. I'll always miss her! She was the most kind and selfless person I've ever known. I know she will be watching from above and be a guardian angel to everyone she loved.*

“ *I hadn't seen Leanne since highschool, but we reconnected on Facebook several years later. It was a joy to hear from her because we were always pals throughout middle school and highschool. She was always a kind, sweet soul who cared about others. She sent me so many words of encouragement when I needed it most. I will always be grateful to her and hold her in my heart always. I will always pay her love and compassion forward as she did. My thoughts and prayers are with your family.*

But Leann you have the best teacher already and you can dance numbers around me any day or night . That is JESUS! Bet your the beautiful angel dancing in heaven. We made a lot memories in our neighborhood as a -child. I will never forget. Cherish those memories and your smile and laugh. Love you sister. I will see you one day. Now you can dance with Jesus!
